

## Under Secretary and Congressman Visit MLPC

Miamisburg, OH—October 27, 2006—Under Secretary of Economic Affairs, Cynthia Glassman and Congressman Mike Turner visited MLPC as part of a defense manufacturing tour. During the visit, they received a tour of MLPC's facilities and participated in a round table discussion with MLPC staff and other local business and government leaders. The visit allowed MLPC to showcase all of its technology as well as to provide Under Secretary Glassman an example of company involved in technology transfer.

About MLPC: Mound Laser & Photonics Center, Inc offers laser marking/engraving, laser welding, and laser micromachining contract manufacturing and R&D services.
