

MLPC Sponsors Walk for Women's Wellness

Miamisburg, OH-- April 19, 2011--Mound Laser & Photonics Center is supporting the 2011 Kettering Medical Center Foundation's Walk for Women's Wellness. Mound Laser & Photonics Center is a sponsor for the walk and is working toward a goal of \$4000. To date, MLPC has raised \$1000 and is confident in exceeding the \$4000 goal.

The walk is scheduled for to start at 2:00pm in Carillon Park on May 1, 2011. The purpose of this walk is to make it possible for uninsured women and men in our community to receive free screenings and diagnostic mammograms, breast ultrasounds, prostheses and prosthetic apparel. The walk also supports the Cindy Wilde Vogel Library where education regarding breast cancer and other health issues is supplied.

The walk began in 1995 and has raised more than \$900,000 bringing care to over 8,000 individuals in the Dayton area. This is a life-changing event for many who have survived breast cancer. The walk not only celebrates the survivors, but also remembers the lives that have been lost to breast cancer. MLPC is looking forward to the opportunity to give back to its community.

If you are interested in participating, please contact MLPC at sales@mlpc.com.
